

Q20246 Program Management Professional (PgMP)[®] Preparation Course

Duration: 2 days LIVE Online

Course Overview

This course will only be run as a face to face in-class event when it is confirmed safe to do so.

The Program Management Professional (PgMP)[®] Preparation Course includes a walkthrough of the entire life cycle of a program while facing the types of challenges that are encountered in any program.

Who should attend?

- Experienced Project Managers who are preparing for the next step in their career progression.
- Programme managers seeking confirmation and recognition of their skills.

Prerequisites & pre-reading guidelines

There are no specific prerequisites for this course. However, experience in Project Management and exposure to Program Management project environments is recommended.

How certification is earned

This certification is offered through the Project Management Institute (PMI) as an e-proctored exam. Registration for the exam is managed via your course instructor/coach. Our PgMP[®] Coach will be in contact to assist and support as you prepare for the exam.

Course Objectives

On completion of this course, attendees will be able to:

- Navigate the processes and knowledge areas of The Standard for Program Management
- Use effective program management tools and techniques
- Identify and implement best practice program management governance
- Relate program delivery to business / strategic objectives
- Initiate a large-scale program to implement organisational strategy
- Manage, plan, execute and control a successful program consisting of multiple, related projects
- Ensure the realisation of project and program benefits
- Effectively manage stakeholder relationships
- Report and control of programs in an effective manner that utilise best practice reporting tools
- Analyse methods essential for PgMP[®] exam success
- Align your program management experience with PgMP[®] terminology and definitions

Context

The (PgMP)[®] course will provide the tools and techniques for program governance, program planning, effectively managing stakeholders and ensuring that your program realizes its benefits and defined objectives. Ideal for any current or aspiring project manager.
