

Developing Coaching Skills

Duration: 1 day

Course Overview

Welcome to the "Developing Coaching Skills" training program! This transformative one-day workshop is designed to equip participants with the essential skills and techniques to become effective coaches and empower individuals to achieve their goals and maximise their potential. Coaching is a powerful method of guiding and supporting individuals in their personal and professional development journey, fostering growth and success.

In this training, you will learn the principles of coaching, active listening techniques, and methods to ask powerful questions. By the end of this program, you will have the confidence and capability to create a positive coaching relationship, facilitate learning, and inspire others to take actionable steps toward success.

Whether you are a manager, team leader, HR professional, or aspiring coach, this program will empower you to become a skilled coach who brings out the best in others and contributes to their personal and professional growth.

Join us for an interactive and experiential learning experience that will elevate your coaching skills and enable you to make a lasting impact on the lives and careers of others.

Who should attend?

This program is suitable for professionals from all industries and roles who want to develop their coaching skills. Whether you are a manager, team leader, HR professional, aspiring coach, or individual contributor, this training will benefit you if you aim to become an effective coach who empowers others to achieve their goals and growth.
