

## Q31282 Disciplined Agile Senior Scrum Master (DASSM) Certification

*Duration: 2 days LIVE online for Advanced Practitioners*

### Course Overview

The DASSM Certification is designed to help leaders of Agile teams find quick and quality solutions to delivery challenges.

### Who should attend?

This Disciplined Agile Senior Scrum Master certification is appropriate for Leaders who are considering DA for their teams and wants to get a better understanding of an agnostic agile approach to scaling agile across the business. Anyone who needs to lead an Agile or Lean team in an enterprise environment should think of this course.

### Prerequisites & pre-reading guidelines

Familiarity with the Agile Manifesto and Agile projects would be helpful. Therefore, prior completion of a course such as the ICAgile Certified Agile Fundamentals or the Certified Disciplined Agile Scrum Master would be recommended.

### How certification is earned

This course has an accompanying 1-hour non-proctored open-book online exam that the candidate must pass to gain the DASSM Certification.

This certification is offered through Project Management Institute (PMI).

### Further Information

To prepare attendees for the certification exam there are end-of-Module review question, end-of-day homework questions, and an end-of-course mock exam. The exam is normally scheduled for 1–2 days after the course completion.

### Course Objectives

On completion of this course, attendees will be able to:

- Discover the elements and scope of Disciplined Agile and understand the full range of business agility
- Learn how to organise people into agile teams and understand where you fit into an agile team or organisation
- Organise the flow of work within a team and across teams and learn how teams can work differently yet still be governed consistently
- Learn how to lead your team through a tailoring workshop to identify their initial way of working (WoW)
- Select the best-fit lifecycle for your team and choose the Disciplined Agile goal diagrams that are most relevant to your team's situation

### Context

The course is based on the Choose your WoW A Disciplined Agile Delivery Handbook. It will look at concepts such as eliminating waste, cost of delay, quality, rapid feedback and response, and the role of management. It also covers all aspects of Disciplined Agile. The training provides the tools and strategies to help you lead an agile team, influence people, and find solutions to delivery challenges quickly.
