Q20220 Agile Certified Practitioner (PMI-ACP)® Preparation Course

Duration: 3 days LIVE online

Course Overview

Agile methods are taking the development worlds by storm. This is because they are effective and they better align with the realities of changing requirements, ever more challenging constraints, highly compressed schedules and evolving teams. This PMI® Agile Certified Practitioner (PMI-ACP)® Preparation Course workshop explains how to adapt and respond to all these challenges within your projects.

Who should attend?

Those with a strong background in Agile who wish to obtain the Agile Certified Practitioner Certification to work within and influence Project and Programme Management teams.

Prerequisites & pre-reading guidelines

There are no specific prerequisites for this course. However, familiarity with Agile principles is desirable.

How certification is earned

This certification is offered through the Project Management Institute (PMI) as an e-proctored exam. Registration for the exam is managed via your course instructor/coach. Our ACP® Coach will be in contact to assist and support as you prepare for the exam.

Context

If you use agile practices in your projects, or your organization is adopting agile approaches to project management, the PMI-ACP® certification may be right for you. The Agile Certified Practitioner (PMI-ACP)® Preparation Course recognises knowledge of agile principles, practices and tools and techniques across agile methodologies.
